The New Hampshire Pari-Mutuel Commission, in compliance with the requirements of RSA 284:11, respectfully submits the following report of activities for the year ending December 31, 2006.

In 2006 the Commission requested and was granted from the Legislature the authority to conduct more comprehensive background checks on licensees. The Commission also sought legislation allowing the Commission and the Attorney General to bill back to the racetracks all costs incurred associated with background checks. The Legislature passed that needed legislation and Governor Lynch signed the bill into law.

On July 19, 2006 the Legislature transferred administration and enforcement of Games of Chance under RSA 287-D to the Pari-Mutuel Commission. Many charities have been utilizing games of chance as a significant part of their revenue stream to advance their charitable causes. It is estimated that approximately \$75,000,000 will be wagered each year on charitable gaming.

Pari-Mutuel unrestricted revenue raised under RSA 284 continues to erode due to internal and external market conditions. Internally, charitable games of chance have proven very popular among charities as a revenue source. Popularity in Lottery products also competes for pari-mutuel sales. External market competition for pari-mutuel wagering dollars continues to remain fierce in New England. In 2006, for the first time, simulcast wagering revenue exceeded 95% of the revenue stream, while revenue from live racing is at 4.9% and continues to erode.

Rockingham Park celebrated its 100th birthday and it was a well attended event. The New Hampshire Sweepstakes Race attracted some of the best harness horses in the country. New track records for speed were set in both harness pacers and trotters during the meet.

After a comprehensive background check conducted by the Office of the Attorney General, the Pari-Mutuel Commission licensed a new racetrack owner in June 2006. Belmont Gaming LLC opened "The Lodge at Belmont" at the previous site of the Lakes Region Greyhound Park. The new owners have spent millions on the infrastructure.

The Rochester Fair harness meet remains popular; however difficulty in attracting quality horses remains a concern for the fair management.

New Hampshire should consider programs to encourage local horsemen with incentives to breed New Hampshire-bred horses. This would help address land sprawl issues and help with the local economy and jobs. New Hampshire once had a "Sire Stakes" program of New Hampshire-bred horses. Consideration should be given to investing in this type of program again. It has been increasingly difficult for New Hampshire to attract racing horses from other areas of the country; a New Hampshire-bred program would help supply horses for our racing industry.

The members of the New Hampshire Pari-Mutuel Commission wish to thank the Governor, members of the Executive Council, the General Court and all agency personnel with whom they have worked for their continued support and cooperation.

Respectfully submitted,

Timothy J. Connors
Chairman

Overview of Pari-Mutuel Operations for the Calendar Year 2006

Revenue from racetrack pari-mutuel activities for 2006 was down 7%. The Lodge at Belmont, a new corporation under new ownership opened in calendar year 2006 and helped slow the downward trend in revenue. Pari-Mutuel tax and breakage revenue from each licensed track from calendar year 2006 was:

		<u>2006</u>	<u>Change</u>	<u>% of Change</u>
Belmont	\$	237,771	+\$237,771	+100%
Hinsdale Greyhound Park	\$	660,177	(\$166,733)	(20%)
Rochester Fair	\$	4,832	(\$ 507)	(10%)
Rockingham Park	\$	1,337,300	(\$ 58,359)	(5%)
Seabrook Greyhound	\$	800,821	(\$ 13,542)	(2%)

Outstanding tickets (unclaimed tickets) accounted for additional revenue of \$862,236.

The greyhound and horse population remained healthy in 2006 with no major outbreaks of illness affecting the New Hampshire racing animal population.

Bingo and Lucky-7 charitable events continued to generate a revenue stream to the Education Trust Fund of about \$1,800,000 net of expenses, and supply a revenue stream to the charities.

On July 19, 2006 the legislature transferred the authority of licensing charitable Games of Chance from the local police departments to the Pari-Mutuel Commission. This legislation also transferred administrative enforcement to the PMC. If any potential criminal activity is discovered or suspected the statute requires the PMC to work with the Attorney General and local police departments. The Commission assumed these new duties without increasing the agency budget or staff. Although there is no tax per se, there are fees associated with certain license types; the agency will collect about \$50,000 per year for those fees. The most popular Game of Chance is a game called "Texas Poker Hold'em". Under the statute only charities are allowed to be licensed for Games of Chance. The statute also requires the charity to receive no less than 35% of the gross amount wagered, less prizes paid. The PMC estimates that about \$75,000,000 will be wagered at these charitable events, with charities collectively receiving not less than \$6,500,000 to further their charitable causes.

Very truly yours,

Director

HORSE RACING PARI-MUTUEL TAX HISTORY

Pari-Mutuel wagering on horse racing became legal in New Hampshire in 1933. The tables below show the tax structure for horse racing in the state. The tax structure for harness from 1957 to 1982 was on a graduated scale based on handle. WPS indicates that the rates apply to win, place, and show pools only. Multi indicates all other pools, such as daily doubles, trifectas, and quiniellas. Breakage in 1933 was kept by the track. From 1939 to 1997 it was split evenly with the state. In 1997, the legislature changed the law to require that 50% of the state's share of breakage be returned to licensee for live racing purse enhancement.

GREYHOUND RACING PARI-MUTUEL TAX HISTORY

Greyhound racing has been legal in New Hampshire since 1971. The tax structure has been quite complicated at times, because of a system of tax credits and graduated tax rates based on handle. The table below shows the range of tax rates in place since 1971 as well as the tax credits. Breakage on greyhound racing has been split 50:50 between the track and the state. In 1997, the legislature changed the law to require that 50% of the state's share of breakage be returned to licensee for live racing purse enhancement.
